

# LAURIE SWIM'S WEEKEND WORKSHOPS

Laurie's 2-day spring weekend workshops are a wonderful opportunity to explore the art of pictorial quilts and create your own original work.

## Day 1:

Learn methods for representing landscape elements in fibre and thread. Laurie will demonstrate techniques and together you will explore textures for landscapes in pictorial quilt art. You will make sample treatments for sky and water as well as learn a method of a small building construction.

## Day 2:

Applying the techniques and samples created during Day 1, you will create a small original art quilt. Laurie will discuss composition and use of materials and tools, as well as a variety of ways to finish the work.

## Location:

Workshops are held in a classroom in the historic Lunenburg Academy, overlooking Lunenburg, Nova Scotia, a UNESCO World Heritage site.

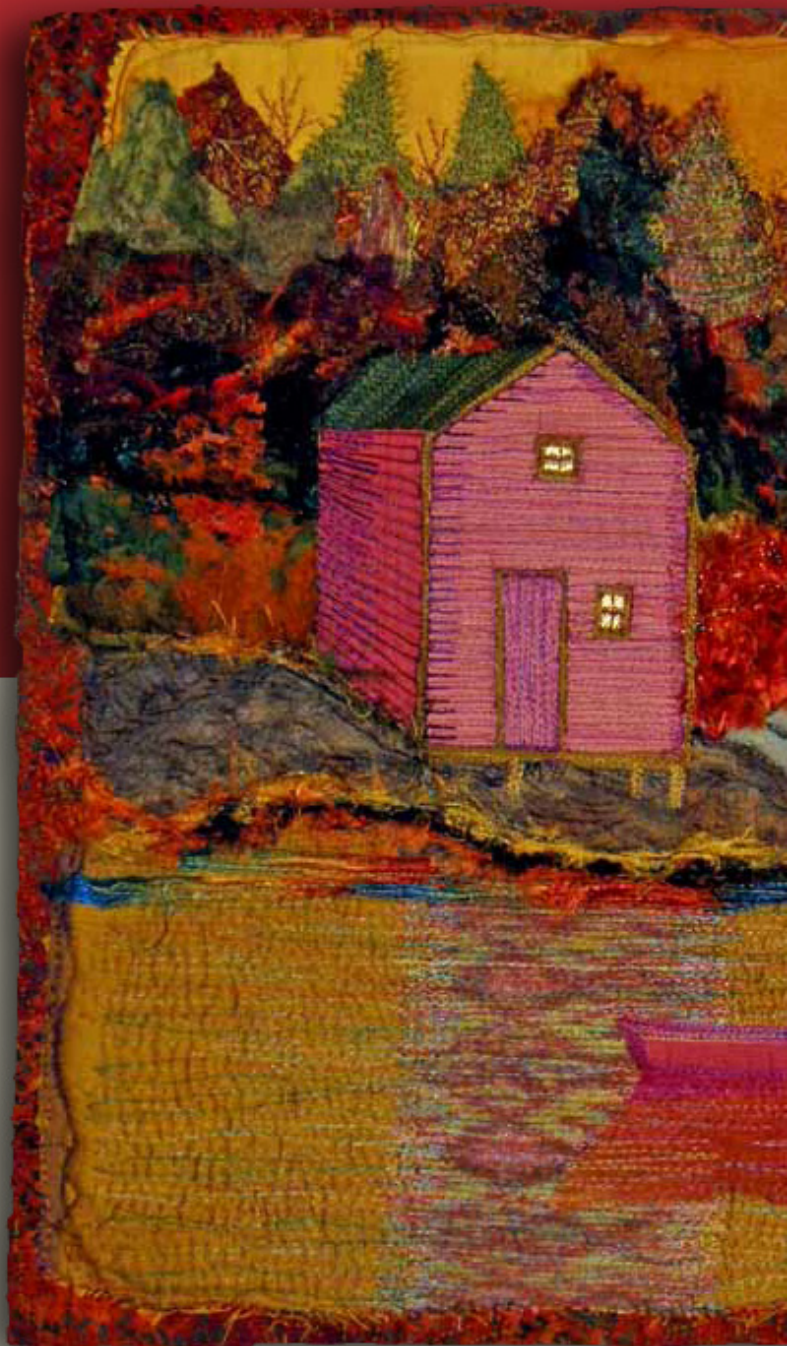

There is an elevator to aid in transporting your machine and supplies to the third floor location.

**Skill Level Intermediate to Advanced.**  
**Maximum 16 participants per class.**

Participants must bring a sewing machine in good working order. The machine must have the ability to sew free motion, feed dogs down and with a darning or embroidery foot.

We suggest you plan to stay over in lovely Lunenburg during the workshop.
